Growth MILESTONES

LEBANON

OMAN

UAE

EGYPT

KSA

CANADA

2010

Founded by Zahi Mimassi, our journey began in **Lebanon**, with a vision to deliver innovative consulting solutions tailored to the needs of a rapidly evolving market.

2011

What started as a single office has grown into a dynamic regional presence, driven by our ability to adapt to ever-changing markets. Our expansion began with the establishment of a second office in **Oman**.

2015

This was followed by the opening of our **United Arab Emirates (Dubai)** office solidifying our presence in the Middle East.

2019

By 2019, we solidified our regional footprint with the launch of our **Egypt** office, reinforcing our commitment to the MENA market.

2022

With the opening of our fifth operational office in the **Kingdom of Saudi Arabia**, we strengthened our regional presence and deepened our role as a trusted partner.

2025

In 2025, we continued our growth by starting Phoenix Consulting's operation in **Canada**.

At Phoenix Consulting, growth is not just about numbers or geography; it is about building strong relationships globally, empowering our clients, and delivering meaningful results.

Our **VISION**

We aim to organically evolve into a leading global Human Capital Management Consulting firm, dedicated to empowering organizations and people worldwide for lasting success.

We seek to earn our clients' trust as the go-to advisors for solving Human Capital challenges, empowering their business with innovative strategies and tailored solutions that drive ongoing success and ensure exceptional results. Our clients' success drives our mission, and our unwavering commitment sets us apart as trusted consultants.

Our **MISSION**

Our Value **PROPOSITION**

Global **EXPERTISE**

Our core consulting team is comprised of seasoned human capital consultants stemming from some of the world's leading management consulting firms.

Each member of the team is an expert in a specific technical domain, and the entire team possesses substantial international experience in designing, leading, and delivering on complex consulting projects.

Regional **UNDERSTANDING**

While our roots are in the Middle East, our reach and relevance extend globally. With a strong presence worldwide, we bring a deep appreciation for cultural diversity and a proven ability to adapt our consulting approach to local needs.

Our team combines international expertise with a nuanced understanding of people and organizational dynamics, enabling us to support clients with tailored, practical solutions. We approach every engagement with cultural sensitivity, a collaborative mindset, and a commitment to building lasting partnerships that deliver meaningful impact.

Local **FOCUS**

While our core team operates from the Middle East, we maintain a strong commitment to supporting clients across all locations. Through a combination of local presence and regional expertise, we remain closely connected to our clients, ensuring timely support, effective collaboration, and tailored solutions aligned with their evolving organizational needs.

TALENT MANAGEMENT & ASSESSMENTS

Hogan Assessment Systems is one of the world leaders in personality assessment and leadership development with products and services in 56 countries and 47 languages. Hogan has over 30 years of experience helping businesses dramatically reduce turnover and increase productivity by hiring the right people, developing key talent, and evaluating leadership potential. Phoenix Consulting is Hogan's partner throughout the MENA region with a track record of being Hogan's regional arm providing efficient solutions and great value of all clients' investment in their Talent Management.

Phoenix Consulting is also a representative of **Saville Assessments**. Saville transform how organizations use psychometric assessments to Hire, Build, and Lead their talent. Their extensive portfolio of aptitude and personality questionnaires cover all job roles and levels and are designed based on scientific research into successful workplace performance.

Psytech International is the global leader in local assessment solutions. Through our strategic alliance with Psytech UK, Phoenix Consulting is fully self-sufficient in bringing the entire range of Psytech's psychometric instruments and solutions to our clients through Psytech's online platform.

Our Strategic Alliances

TALENT MANAGEMENT & DEVELOPMENT

The Society for Human Resource Management (SHRM) is the leading global organization for HR professionals. SHRM drives the evolution of the HR profession by setting standards, providing certification, delivering research and insights, and building a worldwide network of HR practitioners. Phoenix Consulting is proud to be SHRM's partner, having collaborated on several projects to support HR capability development, implement global best practices, and enhance professional development initiatives across the region.

The International Coaching Federation (ICF) is the leading global organization for coaches and coaching. ICF is dedicated to advancing the coaching profession by setting high standards, providing independent certification and building a worldwide network of trained coaching professionals. ICF also accredits programs that deliver coaching education. Phoenix Consulting is ICF's partner to lead the global advancement of the coaching profession.

HNI Training & Coaching is an innovator and leader in human capital development, providing world-class corporate training solutions and services in English and Arabic to organizations in the Middle East and North Africa. In a short span of time, HNI Training & Coaching has become one of the leading regional players in training and development.

Phoenix Consulting MEA is a leading technology and business transformation partner in the MENA region, specializing in delivering advanced ERP systems, digital transformation solutions, and seamless technology integration. With a focus on tailored solutions, process automation, and long-term strategic support, Phoenix Consulting MEA serves as a trusted technology partner, enabling us to thrive in an evolving digital landscape.

PHOENIX CONSULTING CASE STUDIES

Case Study – Saudi Authority for Intellectual Property

Project scope: The Saudi Authority for Intellectual Property (SAIP) has appointed Phoenix Consulting to facilitate an Assessment Center for their Leadership echelons with the aim to identify their areas of proficiency and those requiring development thereby initiating their tailored development journey.

Assessment design: Phoenix Consulting designed SAIP's Assessment Center to include 3 main components: Personality assessments, Competency-Based Behavioral Interviews (CBBIs) and a 360° survey.

Communication: Phoenix Consulting effectively initiated the project by engaging the Leaders in a comprehensive awareness session, providing an in-depth overview of each phase, the process, and critical deadlines. It also offered a platform for addressing any queries, thereby ensuring a smooth and informed transition into the project

Execution: Hogan's personality assessments of the Leaders were first administered in the Assessment Center, of which results were compiled into corresponding reports. Then, the Psytech 360° survey targeted the Leaders and their raters. In the subsequent phase, Phoenix Consulting coordinated and conducted the CBBIs for all Leaders.

Reporting: Following the completion of the Assessment Center phases, Phoenix Consulting gathered all outcomes in an Integrated Assessment Report detailing each Leader's strengths and areas of development. In addition, Phoenix Consulting developed an Executive Leadership Profile report for each Leader.

Case Study - Ministry Of HR – Saudi Arabia

Project scope: Phoenix Consulting was selected as the trusted partner of the Ministry of Human Resources (HR) in Saudi, to design and execute a full-fledged Assessment Center for leaders of multiple ministries in the nation.

Target population: The mandate of Phoenix Consulting encompassed the Deputy Ministers (DM) and Assistant Deputy Ministers (ADM) across 24 Ministries within Saudi Arabia.

Assessment Design: The scope of the project was multifaceted, incorporating various elements of the Assessment Center approach, ranging from personality assessments (Hogan), behavioral interviews, to various simulations.

Execution: Phoenix Consulting's pool of Senior Assessors facilitated the Assessment Center and executed it with the highest level of professionalism to secure its completion and the generation of high quality deliverables within agreed-upon timelines.

Outcome: After all assessments planned were accomplished, the Senior Assessors compiled the results, analyzed them and developed in-depth reports for each of the DM and ADMs and delivered them to the Ministry of HR.

Case Study – Badel – KSA

Project scope: We supported Badael in evaluating and selecting top candidates using a robust, competency-based assessment approach.

Assessment design: The design phase involved mapping Badael's five core competencies to a global behavioral framework, which served as the foundation for assessing candidates against clearly defined performance standards.

Execution: Candidates were assessed and scored based on their alignment with the mapped competencies, enabling us to rank them objectively and identify the top 13 profiles for selection.

Reporting: Results were compiled into candidate rankings and summary insights, which provided Badael with a clear, evidence-based basis for selecting the most suitable Coop candidates.

Feedback: A key aspect of the project was our focus on development: we conducted individual feedback sessions with every candidate, highlighting their strengths, areas for improvement, and long-term career potential, and concluded each session with a customized Individual Development Plan (IDP) outlining specific, actionable next steps.

WORKSTREAM 1: TRAINING NEEDS ANALYSIS

TRAINING NEEDS ANALYSIS

Objective

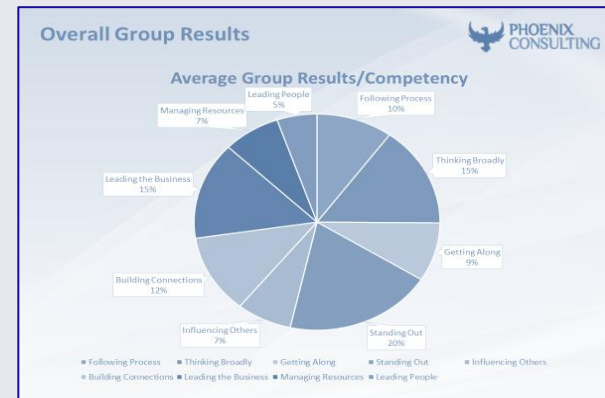

To identify and prioritize training and development needs for ERC's Management population, ensuring all subsequent scopes (*assessment, training, leadership, coaching*) are grounded in business-aligned, data-driven insights.

What We Will Do

- **Discovery & Document Review:** Review existing job profiles, departmental objectives, and similar available performance data provided by ERC to establish a baseline understanding of role expectations and business goals.
- **Virtual Data Collection** – Conduct one-on-one virtual interviews with key stakeholders (HR, department heads, and a representative sample of middle managers) and deploy relevant online surveys to gather quantitative and qualitative input from the target population.
- **Gap Analysis & Prioritization:** Map identified needs to business goals, urgency, and feasibility. Differentiate between "must have" and "nice to have" training areas, and align findings with ERC's strategic objectives.
- **TNA Report & Roadmap:** Deliver a bilingual TNA final report including an executive summary, methodology, role- and department-specific findings, prioritized training needs, recommended learning modalities (*virtual, in-house, public, and coaching*), and a high-level implementation roadmap for Workstreams 3–5.
- The report could also include data from the Hogan personality assessment findings that are mapped to ERC's key competencies through the Configure tool (detailed in upcoming section) and quantitative analysis can unveil trends, tendencies, shared strengths and common areas of development.

Deliverables

- TNA Final Report (Bilingual)

WORKSTREAM 2: ASSESSMENTS & DIAGNOSTICS

ASSESSMENTS KICK-OFF

COMMUNICATION PLAN & AWARENESS SESSION

Objective

To develop a clear and concise communication plan entailing important elements and milestones to ensure the Assessment Centers' implementation effectiveness, transparency and commitment to deadlines.

What We Will Do

- Draft a communication plan and campaign for approval, including Assessment Center objectives; communication goals; key messages; required content and style; Assessment Center dates and logistics.
- Share the draft communication plan with the project team for their validation and agreement.
- The communication process includes the following steps:
 - Assess the current communication infrastructure to determine the most appropriate and preferred communication channels/methods for the candidates.
 - Create a plan describing all communication efforts that need to be employed to ensure implementation effectiveness with consideration to all risks and resistance that could arise and the way to detain them.
 - Conduct a virtual awareness session to ensure that they participants have a proper understanding of the Assessment Center objectives, components, outcome and general guidelines of the assessments.
 - Allocate ample time for queries, concerns, questions, and answers in order to ensure that the project taking place is perceived as a development opportunity for future growth.

Deliverables

- Detailed communication plan
- Virtual awareness session for the candidates (120 minutes)

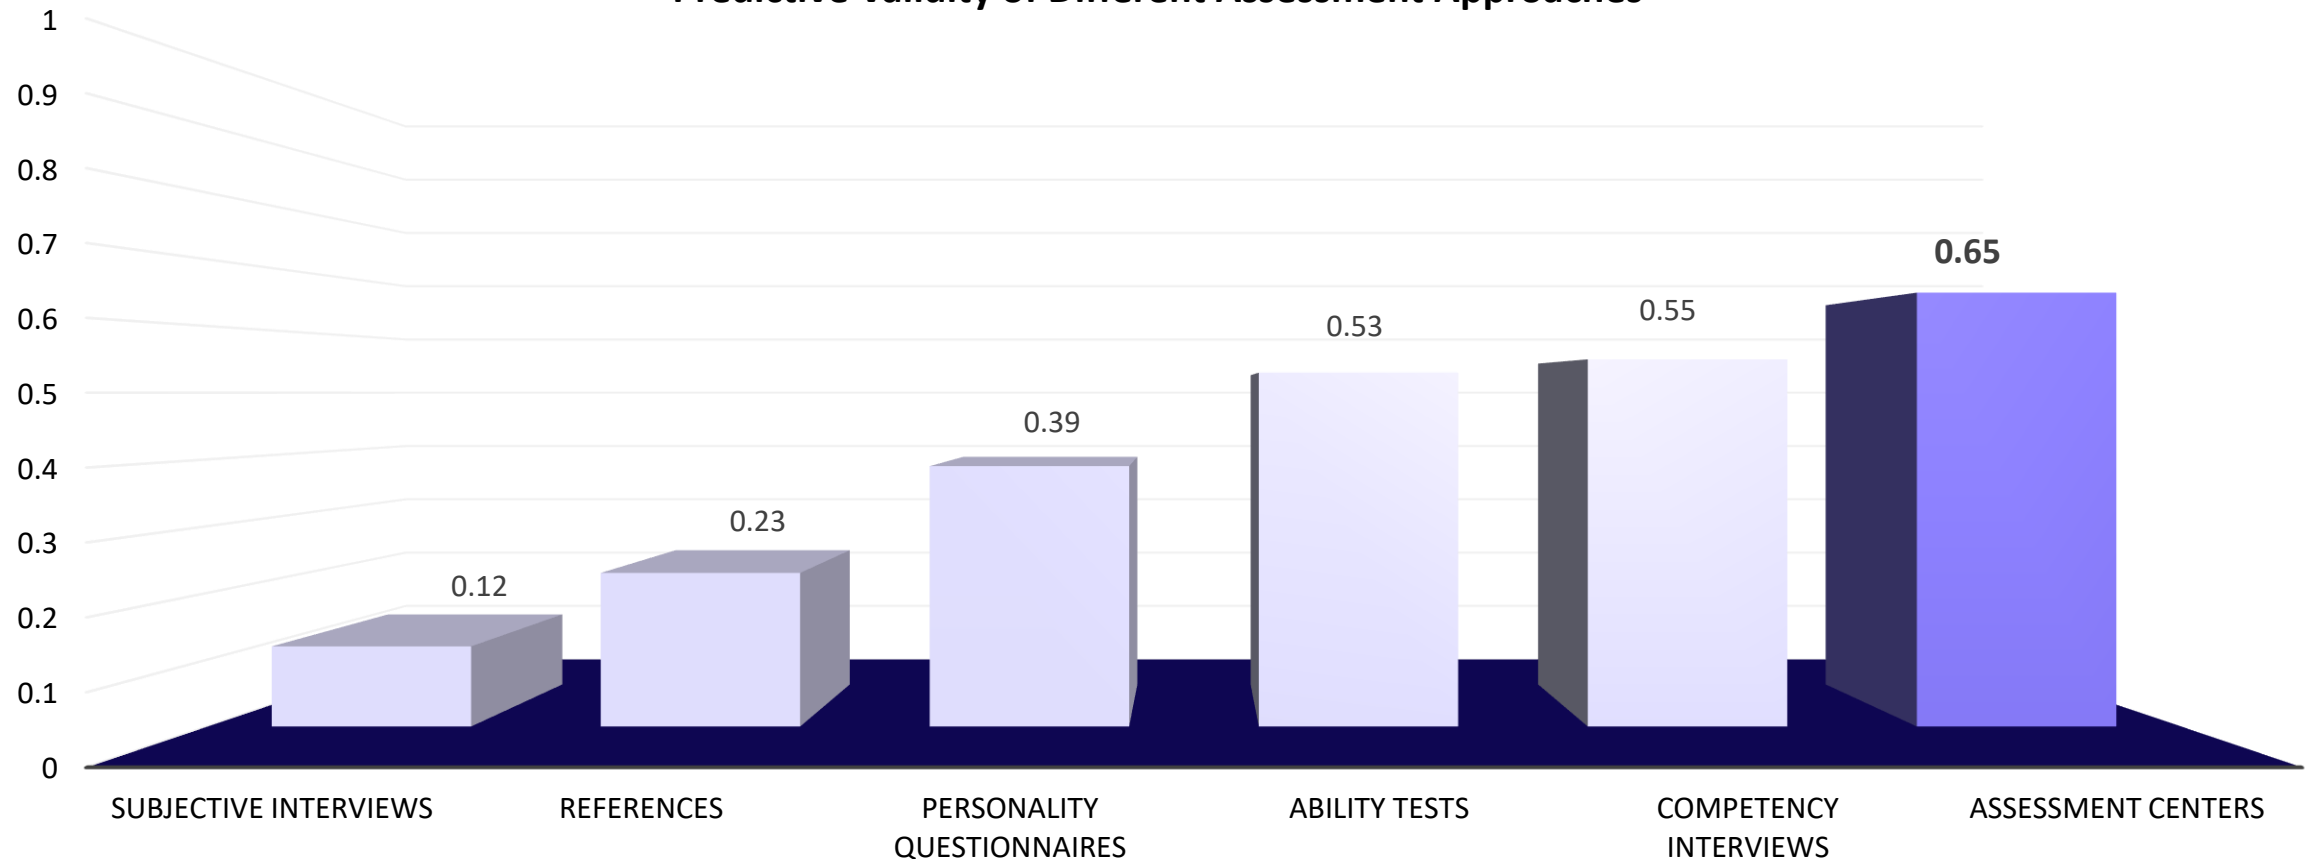

ASSESSMENT & DEVELOPMENT CENTER DESIGN

MULTI-COMPONENTS ASSESSMENT CENTER

Among all assessment methodologies, **Assessment Centers** consistently yield the **highest Predictive Validity** scores that is, the outcomes of Assessment Centers are the most reliable predictors of on-the-job performance, mainly because Assessment Centers integrate different assessment methodologies and different assessors to maximize perspectives in data gathering and minimize subjectivity in data analysis.

Predictive Validity of Different Assessment Approaches

APPROACH TO ASSESSMENT & DEVELOPMENT CENTER DESIGN

1

DEFINE ASSESSMENT CENTER ROLE(S) MATRIX

2

IDENTIFY ASSESSMENT CENTER COMPONENTS

3

DEVELOP ASSESSMENT CENTER MATERIAL

4

PLAN ASSESSMENT CENTER LOGISTICS & COMMUNICATIONS

5

FACILITATE ASSESSMENT CENTER & GENERATE RELATED REPORTS

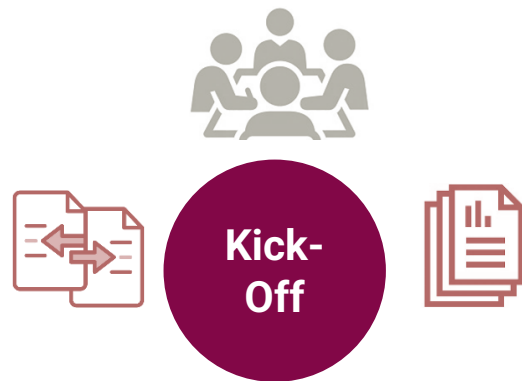

DEVELOPMENT ASSESSMENT CENTER

FRAMEWORK	Middle Management
Personality Assessments	Hogan Configure + Hogan Insight Series
Ability Testing	Hogan Business Reasoning Inventory Report (HBRI)
Competency Based Behavioral Interview (CBBI)	In-depth 1-hour Competency-Based Behavioral Interview (CBBI)
Assessor-Led Simulation	Assessor-led Simulation (90 minutes)
Integrated Assessment Report (IAR)	Integrated Assessment Report (IAR) is an individual assessment report that encompass all the findings from the various assessments conducted for one candidate, their various scores and assessor observations. The report highlights the candidate's strengths and areas of development with some tips for development.
One-on-One Feedback & IDP	Assessor-led one-on-one session for each of the candidates. The session is planned for 90 minutes during which participants are given feedback about their strengths and areas for development (based on the Individual Assessment Report) and are guided through drafting their customized Individual Development Plan (IDP).

ASSESSMENT CENTER SET-UP & LOGISTICS

We will ensure that the Assessment Center's design is confirmed not only in terms of tools but also logistically with specific timeframes, scheduling, administration, communication, awareness, invitations, and reporting templates.

ASSESSMENT CENTER INITIATION

- Preliminary assessment center kick-off meetings
- Exchange of pertinent documentation
- Confirm assessment approach, reporting templates, and candidates briefing as well as the communication plan

ASSESSMENT CENTER LOGISTICS

- Schedule the candidates' attendance
- Set up the required assessments
- Roll-out communications
- Initiate the Assessment Centers

ASSESSMENT CENTER EXECUTION

- Psychometric assessments will be conducted online and sent to each candidate separately for self-paced completion prior to the center
- Each candidate will attend the Assessment Center either onsite or virtually and will go through the assigned assessments based on his/her level

ASSESSMENT & DEVELOPMENT CENTER COMPONENTS

HOGAN'S PERSONALITY ASSESSMENTS & CONFIGURE

Objective

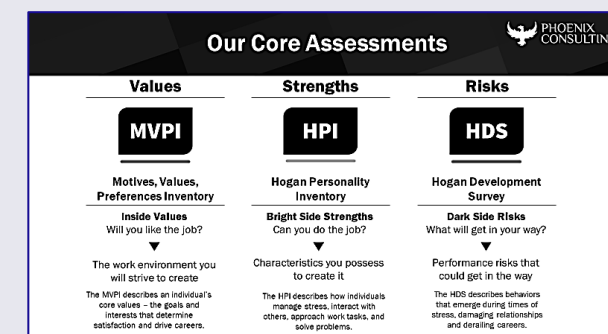

To conduct Hogan's personality assessments for ERC's participants and generate their respective personality reports depending on their level.

What We Will Do

- ERC's participants will undertake Hogan's personality assessments: **HPI**, **HDS** and **MVPI**.
- The 3 assessments' completion time is around 60 minutes per candidate and will be conducted **online**.
- We will then generate the **Hogan Configure scores** for each candidate. This will enable us to rank them based on their potential and/or filter them based on an agreed upon threshold for the selected competencies.
- We will also generate the **Insight Series Reports** for ERC's Middle Management candidates:
- It provides information about an individual's strengths, performance risks, and core values. The easy-to-understand report series gives participants the self-awareness needed to perform effectively.

Deliverables

- Configure Excel document based on the Hogan Mapping to ERC's competencies
- Individual Insight Series Reports for each candidate

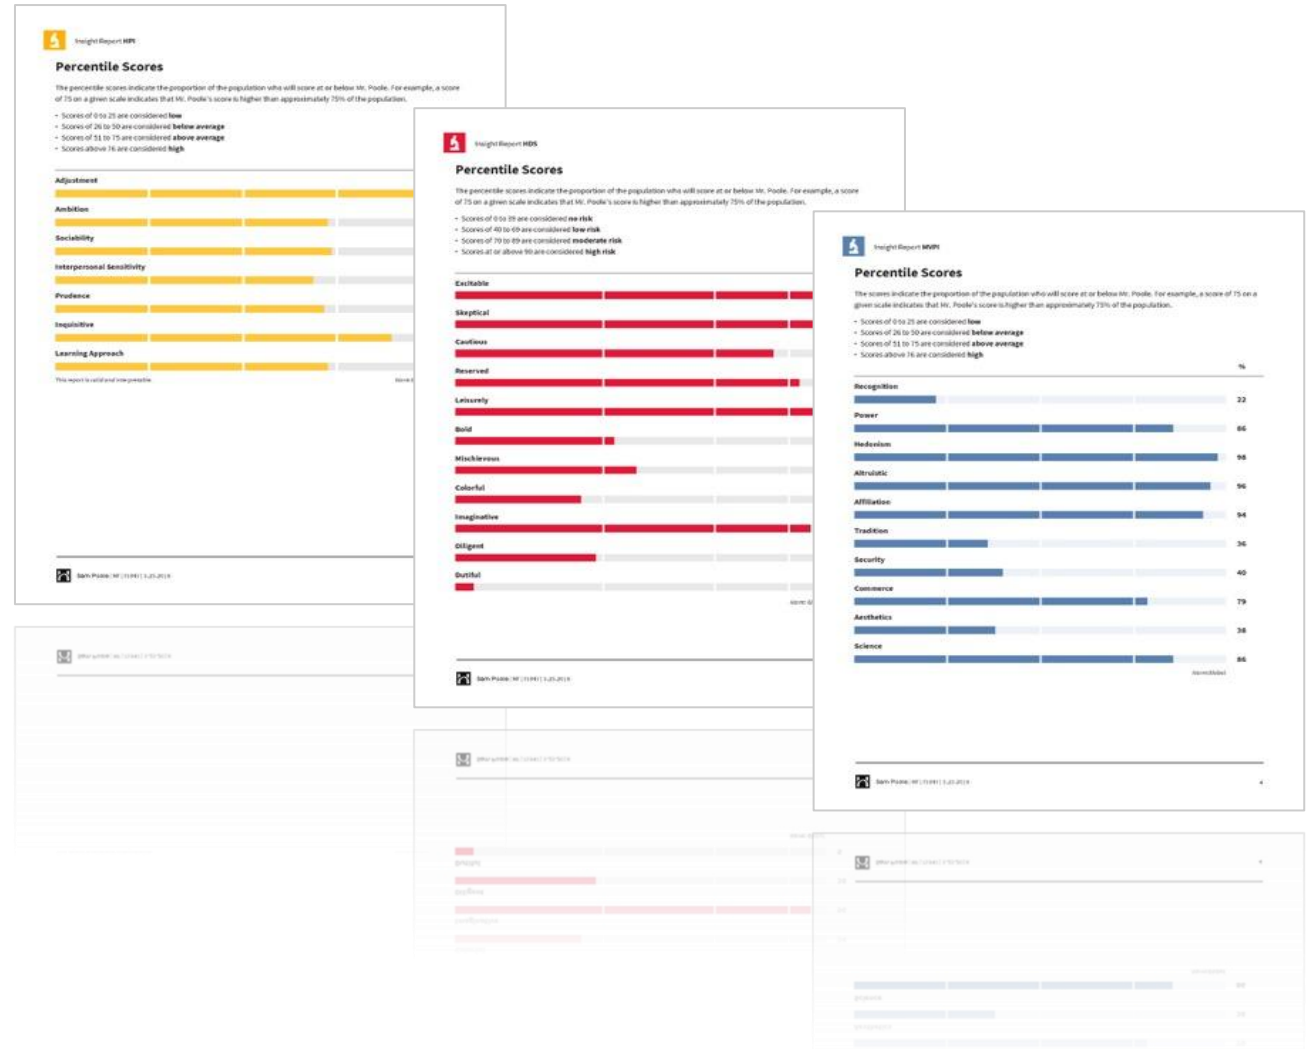

About the Report

- Can be used for selection and development initiatives.
- It provides information about an individual's strengths, performance risks, and core values
- It provides the participants with the self-awareness needed to perform effectively.

Report Features

- Includes main scale and subscale scores, and interpretation
- Feedback discussion points to facilitate the self-awareness needed to perform effectively
- Individual reports driven by HPI, HDS, and MVPI
- Complimentary Flash Report

Objective

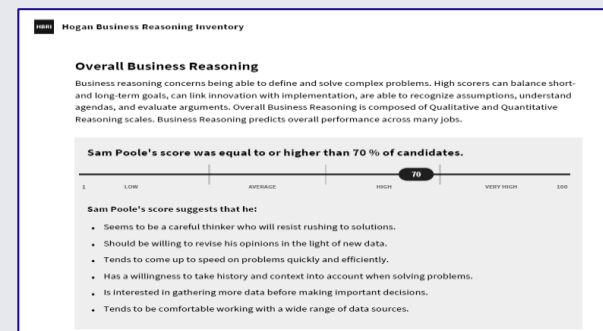

To conduct Hogan's ability test for ERC's participants and generate their Hogan Business Reasoning reports.

What We Will Do

- ERC's participants will undertake Hogan's ability testing tool: **Hogan Business Reasoning Inventory (HBRI)**.
- Its completion time is 30 minutes and will be conducted online.
- We will then generate the **Hogan Business Reasoning Inventory report** for ERC's Middle Management candidates. The HBRI results combined with the personality-based reports will allow ERC's project team to gain further insight into each employee's strengths and development areas.
- The HBRI report would provide us with the candidates' **problem-solving** and **decision-making styles and abilities**.
- It also measures their **qualitative reasoning**, **quantitative reasoning** as well as their **cognitive style**.

Deliverables

- Individual Hogan Business Reasoning Inventory Report for each candidate

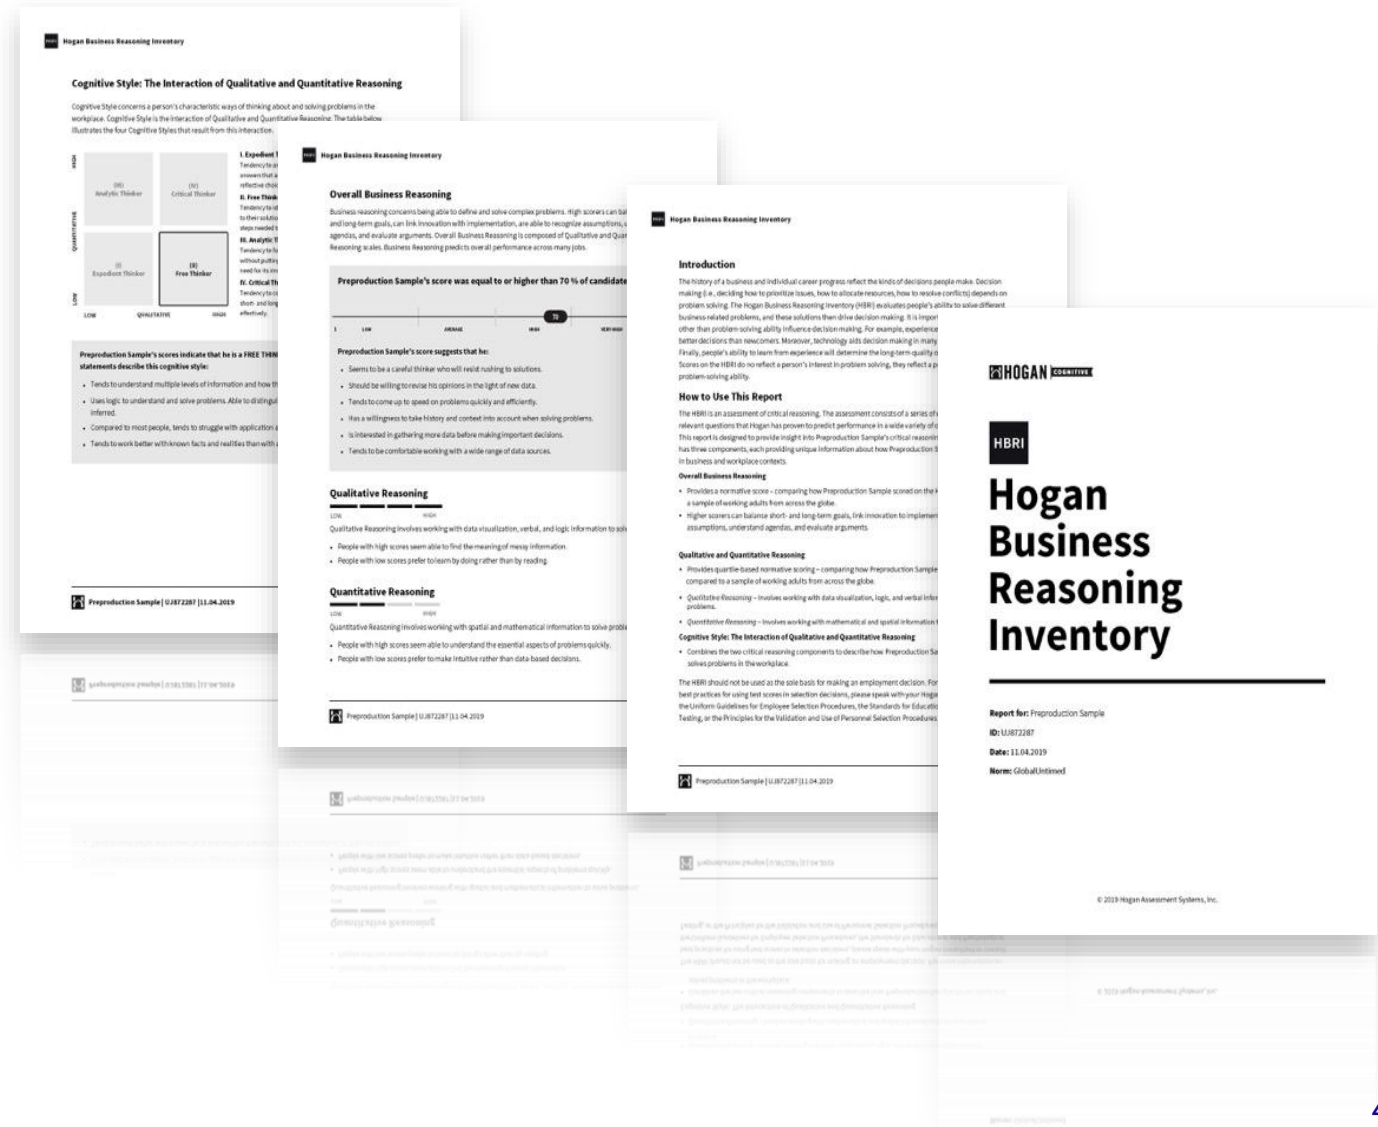

About the Report

- Identifies cognitive style used to solve business problems.
- Evaluates Qualitative and Quantitative reasoning.
- Can be used for selection and development purposes.
- Normed on working adults from across the globe.

Report Features

- Main scale, subscale graphs, and interpretation
- Cognitive Style: Interaction between Qualitative and Quantitative reasoning
- Driven by HBRI assessment

COMPETENCY-BASED BEHAVIORAL INTERVIEWS (CBBI)

Objective

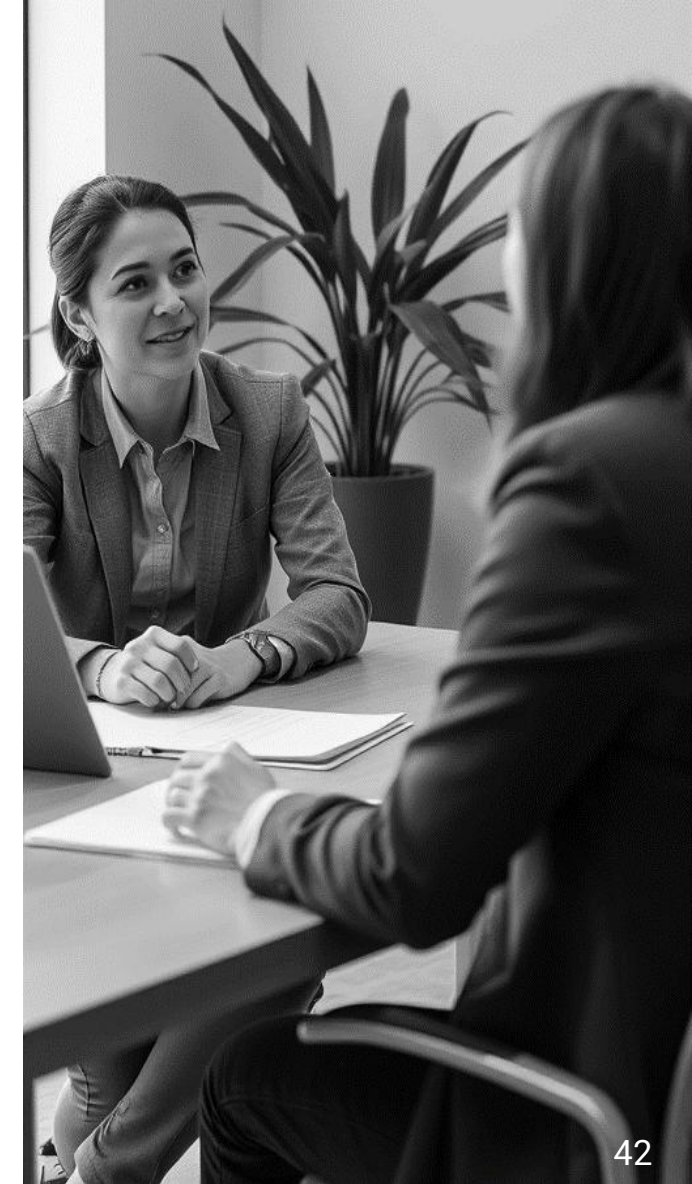

To run Competency-Based Behavioral Interviews (CBBI) for ERC's participants to probe additionally into the required competencies and extract their CBBI Interview scores and the assessor's observations.

What We Will Do

- Prepare a customized protocol including the list of hypotheses to assess the participants on specific selected competencies.
- Validate the hypotheses through focused behavioral competency probes that solicit the participants to account for actual career events which will demonstrate a set of competencies required for their level.
- The assessors will be coding and rating each competency required for the different levels.
- The assessor will review the records taken from the interview and will generate a scoring for each of the assessed competencies and formulate a narrative observation to justify the scoring.
- In addition to evaluating the candidates' competency-based responses, assessors may also observe indicators such as professional appearance, posture, confidence, body language, and overall communication style to support a well-rounded evaluation.
- The interviews may take place either onsite or virtually and will span over a period of 60 minutes per candidate, covering up to 4 competencies.

Deliverables

- Assessor's ratings and observations following the 60-minutes CBBI covering up to 4 behavioral competencies

Objective

To assess the candidates' ability to analyze complex scenarios customized to allow measurement of specific leadership competencies of ERC and deliver a structured response demonstrating their competency level in the assessed competencies.

What We Will Do

- The participants will study a realistic, customized scenario that is aligned with ERC's competencies. The simulation will be structured as a **Case Study** or a **Role Play** depending on the competencies for the Middle Management level.
- The simulation will consist of two key phases:
 - **Preparation Phase:** participants will individually analyze the scenario, identify key issues, and prepare a structured solution and presentation or interaction.
 - **Presentation Phase:** participants will present their findings and recommendations to the assessor, under the format of a presentation followed by a Q&A session or through a simulated conversation to evaluate depth of insight and agility in thinking.
- The assessor will evaluate each candidate based on predefined competencies using structured observation forms and behavioral indicators.
- These sessions will be conducted either onsite or virtually and can span over 60 minutes to 90 minutes per candidate.

Deliverables

- Assessor's ratings and observations following the Assessor-Led Simulation session on selected behavioral competencies

ASSESSMENT CENTERS' OUTCOMES

INTEGRATED ASSESSMENT REPORTS (IAR)

Objective

To develop an Integrated Assessment Report for the participants who have undergone multiple components summarizing the assessment center's outcomes and identified competency gaps.

What We Will Do

- Assign different weightages to each of the assessment center components, then we will analyze, calibrate, and score all key findings and outcomes of personality, ability, CBBI, assessor-led simulation outcomes with the possibility of integrating additional external components (years of experience, end of year performance, etc.) and showcasing how they relate to the candidate's level.
- The consolidated findings will be pooled into an individual Integrated Assessment report that would provide ERC's project team with a deep understanding of each of the participants' strengths, areas of development and final configured scores.
- The IAR will also include each of the candidates' outcomes from their respective assessment center components highlighting their areas of strengths and areas for development.
- Identify competency gaps and provide targeted recommendations to guide future development planning and leadership progression.

Deliverables

- One Individual Assessment Report (IAR) for each candidate

Sample Reports

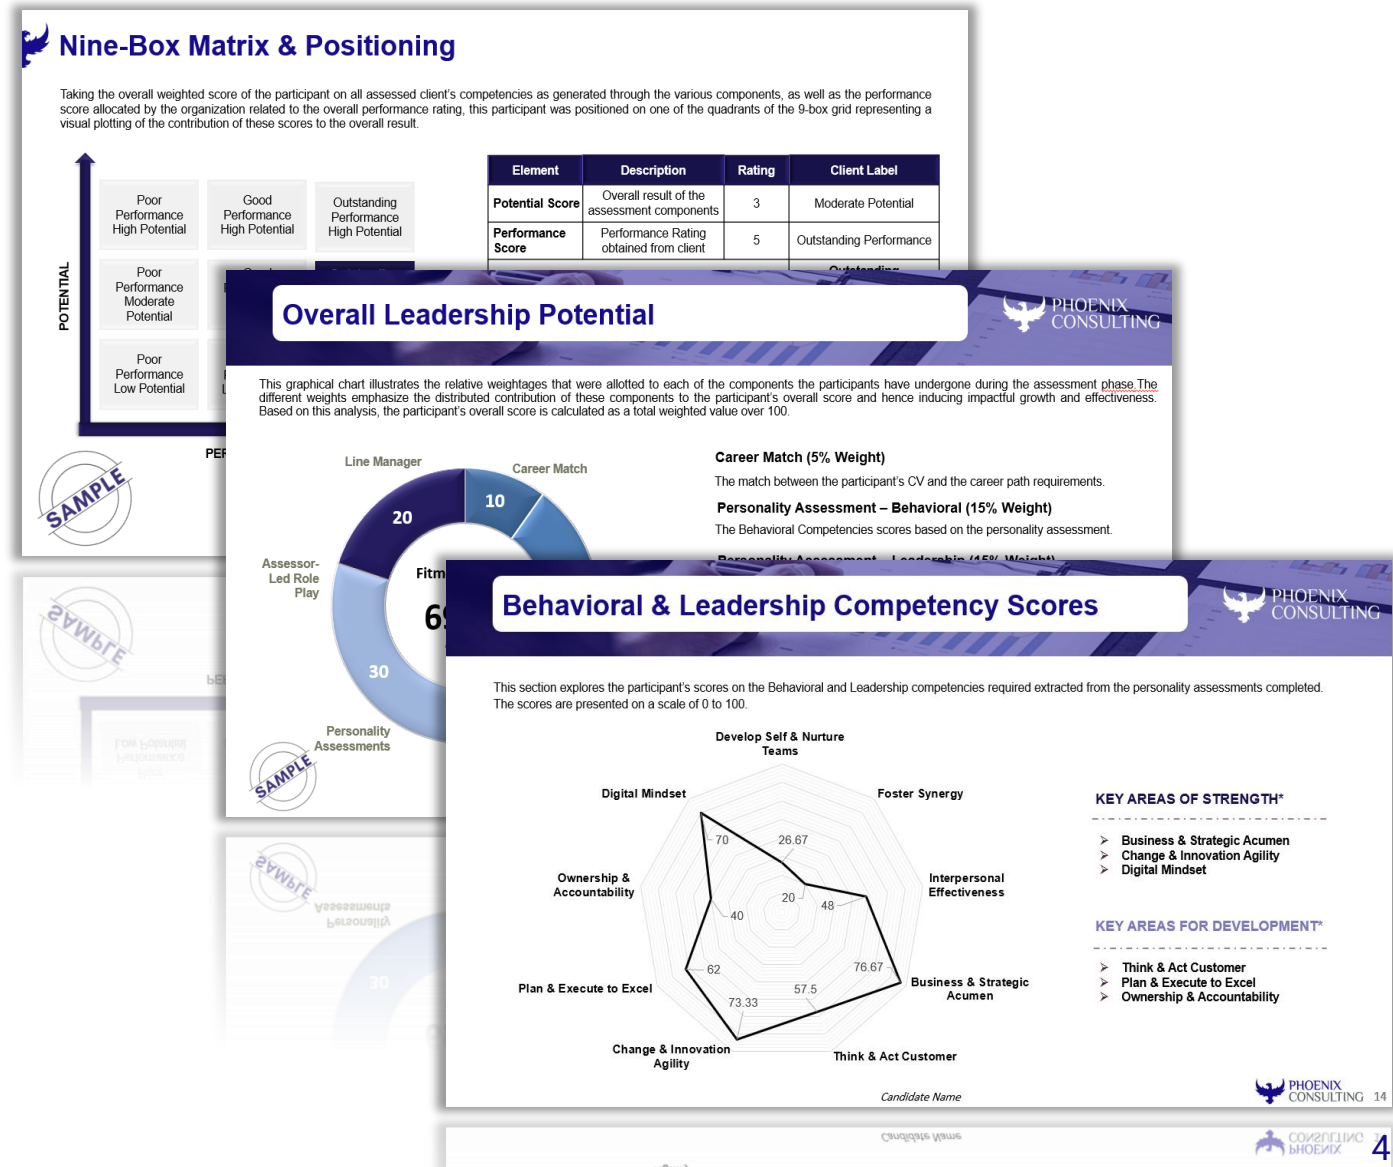

Integrated Assessment Report Template (IAR)

About the Report

- A fully customizable report that provides a summary of all Assessment Outcomes including key strengths, areas for development and final score or readiness recommendation.

Report Features

- Summary of Assessment Outcomes
- Key Strengths
- Key areas of Development
- A final potential score (if required)
- 9-box grid placement (if required)
- Succession readiness (if required)

TERMS & CONDITIONS

The following terms of business apply to engagements accepted by Phoenix Consulting in relation to consulting and training services. All work carried out in relation to such engagements is subject to these terms and conditions except to the extent that changes are expressly agreed in writing.

The terms of this agreement / quotation (proposal) do not include payment of any taxes or duties that may be levied by any government from time to time unless specifically mentioned in the agreement / quotation. Any future taxes or duties that may become applicable during the validity of this agreement / quotation (proposal) shall be the liability of "Client".

All prices included in this proposal are valid for the current calendar year.

TERMS & CONDITIONS (1/2)

Definition

1. "Client" refers to the first party in this agreement and the entity or individual to whom this agreement/proposal is addressed and is represented by the official signatory who applies their signature.
2. "Phoenix Consulting" refers to the second party, a consulting entity responsible for the design and delivery of the Services described in the scope of this agreement. "Phoenix Consulting," "Phoenix," "we," "our," or "us" may be used interchangeably.
3. Training delivery includes all facilitation of workshops, courses, modules and training sessions (including certification workshops).
4. Assessment Centers and Assessment Activities include all assessor-led and non-assessor-led components such as but not limited to: Situational Judgement Tests, Competency-Based Behavioral Interviews, Simulations (case study, role play, group exercise).
5. "Days": Means business Days, being any Day other than a local weekend, or public holiday in the jurisdiction of the Phoenix Consulting entity contracted under this Agreement. All timelines and deadlines referenced in this Agreement shall be calculated on the basis of business Days, unless otherwise expressly stated.

Complaints Procedure

1. Enquiries and complaints shall be made in written form and have to contain sufficient detail to allow Phoenix Consulting to compile an official written response.
2. Phoenix Consulting shall officially acknowledge the complaint not later than 7 Days from the date of its' reception.
3. All clients' requests shall be reviewed on case-to-case basis, and Phoenix reserves the right to a priori reject any request.

Client Documents & File Retention

1. If we are provided with custody of any documents belonging to "Client" those documents will be retained during the course of the engagement unless their return is requested. After completion and acceptance of the engagement and receipt of payment of all invoices, these documents will be returned to the client if separate arrangements have been made.
2. We reserve the right, where fees have been invoiced and payment is outstanding to us, to exercise a lien in respect of those outstanding fees over any documents belonging to "Client" which may be in our possession.
3. It is our normal practice to retain documents relating to client engagements for six years after the end of the engagement. Thereafter, unless separate arrangements have been made, the documents or papers may be destroyed by us without reference to "Client".

Force Majeure

1. Subject to 'Client Responsibilities' section below, neither we nor the client shall be liable in any way for failure in performing our obligations under this agreement if the failure is due to causes outside the reasonable control of the party in default.
2. Phoenix Consulting shall not be liable to "Clients" or be deemed to be in breach of any agreement it has concluded with them for any delay in performing or failure to perform any of Phoenix Consulting's obligations in respect of the consulting services and the training services if the delay or failure was due to any cause such as war, warlike activities, fire, storm, explosion, national emergency, labor dispute, strike, lock-out, civil disturbance, actual or threatened violence by any terrorist group, newly enacted law or regulation or any other cause not within the control of Phoenix Consulting.

Cancellation Policy

1. Cancellations and postponements requests from both parties shall be done in written form via email and will be deemed effective from date of receipt provided that such changes are subject to mutual agreement between the parties.
2. Any change in scope, timeframe, number of participants/sessions, type of services is requested by the client, this may result in revision in fees that will be clearly communicated by Phoenix consulting in written form via email. Any such fee adjustment shall be clearly communicated by Phoenix Consulting in written form via email and shall be subject to the Client's written acceptance before taking effect.

A-Consulting:

1. Phoenix Consulting may cancel the engagement for reasons that are materially and adversely affecting the performance of its responsibilities under this proposal, or where Phoenix Consulting reasonably determines that there has been non-disclosure of material information by "Client".
2. The client may cancel this agreement by giving Phoenix Consulting not less than 30 Days of notice. In the event of cancellation of the agreement by "Client", for whatever reason within less than 30 Days notice, Phoenix shall invoice, and the Client shall pay all of Phoenix Consulting's costs incurred up until the termination of the agreement **in addition to 10% of total value of project.**

B-Training Delivery, Assessment Centers and Assessment Center Activities:

1. No cancellation fee if the cancellation takes place not less than 14 Days prior to the start of the delivery/assessment Day.
2. 50% cancellation fee if the cancellation takes place between 10 Days and 14 Days prior to the start of the delivery/assessment Day.
3. 100% cancellation fee if the cancellation takes place less than 10 business Days prior to the start of the delivery/assessment Day.
4. Requests to reschedule may be accommodated at our sole discretion and subject to availability. Where rescheduling is approved, no charges will apply in case the request was received more than 10 Days prior to the start of assessment Day. Requests to reschedule made within 10 Days or less prior to start of assessment Day may be treated as cancellation for the purposes of applying the applicable cancellation fees. If rescheduling incurs any additional costs for Phoenix, "Client" shall cover the actual cost dispensed by Phoenix Consulting.
5. Failure of the client or participants to attend (in whole or in part) the Assessment Services or Training Delivery, whether virtual or in-person, will not entitle "Client" to a refund or credit unless otherwise agreed in writing.
6. Where assessment activities and training material design and development involve customization efforts or third-party involvement, these costs are non-refundable once incurred and will be billed to the client regardless of cancellation timing.
7. In case cancelled by Phoenix Consulting: 100% refund shall be applicable if cancellation takes place outside of Force Majeure.

C-Psychometric Assessments (Personality and Ability Testing):

1. Once reports are generated the amount is due and must be paid within the agreed upon terms. Once a candidate begins the assessment process, any actual cost is also due to be paid within the agreed upon terms.
2. Any changes or replacement of candidates intended to undertake the assessments may incur additional costs.
3. Subscription-based assessment services may require upfront payments and will have their own cancellation policy separately.

Common Responsibilities

1. "Client" accepts not to outsource or provide any human capital consulting or training work neither to Phoenix consultants nor to Phoenix trainers or assessors or experts. All leads or potential work during this engagement term must come through Phoenix entity.
2. Neither party will solicit or entice away any of the other party's staff with whom they come into contact during and for the duration of 12 months after the performance of the Services (Consulting & Training).

TERMS & CONDITIONS (2/2)

Our Responsibilities

1. We will provide our services (consulting & training) and manage the project with reasonable skill and care in accordance with professional and quality standards.
2. We will use our best endeavours to make the key staff including consultants and experts listed in the agreement available for the duration of their proposed involvement and use reasonable care not to change them during the course of the engagement. Phoenix reserves the right to replace staff with equally qualified person if need be whilst informing the client.
3. We will only cover the expenses related to the consultants, assessors and trainers, accommodation, flight ticket and airport transfers or to venue rental and catering, when specified in the commercial and investment slides.
4. The nature of the consultancy and training services we provide will necessarily depend on the amount and accuracy of information provided to us and the time scale within which the project is required.
5. We will take reasonable steps to safeguard the security and confidentiality of any information transmitted by means of the Internet or other electronic media, and "Client" acknowledges that we cannot guarantee its security or confidentiality. It is our policy to check all correspondence with anti-virus software, and the client accepts that we cannot guarantee that transmissions will be free from infection.
6. While our reports and advice may be a factor when "Clients" make decisions about the organization or individuals, the client solely remains responsible for any commercial or business decisions they would make. Phoenix Consulting shall not be liable for any such decisions or their consequences, except where such advice is demonstrably inaccurate due to professional negligence, willful misconduct, or breach of contract. "Client" acknowledges that such decisions may be influenced by a wide range of internal and external factors outside the scope of Phoenix's engagement.
7. Phoenix Consulting's total aggregate liability arising out of or in connection with this Agreement, whether in contract, tort (including negligence), breach of statutory duty, or otherwise, shall not exceed the total amount of fees paid by the Client under the specific engagement giving rise to the claim

Fees and Invoicing Arrangements

1. Our fees are based on the number and seniority of consultants and experts required, the degree of skill and responsibility involved, and the length of time resources are required. We will also charge for any disbursements incurred during the engagement and these will be reviewed periodically. Where our estimates of charges are based on a fee to be calculated by reference to man Days/hours which are average units used as an estimate of the work required for the provision of the services. This does not necessarily prescribe the number of Days/hours we will take to carry out the work.
2. The charge covers the consultants' time spent on the engagement whether at "Client's" premises or remotely. Where fees are calculated at a daily rate, the normal working Day will be eight hours. Additional hours or part Days will carry a proportional charge.
3. Any fee budget agreed upon is necessarily based on the assumption that the information required for our work is made available in accordance with agreed timetables, and that consultants and experts are available as required during the course of work. If delays or issues beyond our control occur, this may incur additional fees; Client will be advised off delays and incurred costs as they occur.
4. All invoices are due within 30 Days from invoiced date, in accordance with the agreed payment terms outlined for this Agreement. Any amount not paid by due date shall accrue interest at a rate of 1.5% per month of invoice value or the maximum amount allowed by law, whichever is higher, until fully paid.
5. Phoenix Consulting reserves the right to suspend work or withhold deliverables if any payment becomes overdue by more than fifteen (15) Days, without prejudice to any other rights under this Agreement.
6. **All applicable taxes including VAT, withholding tax, are not included in the pricing and are the responsibility of "Client".**
7. **All travel and accommodation expenses, venue rentals and catering fees are excluded from the pricing unless stated otherwise**
8. **All prices included in this agreement are valid for the current calendar year unless otherwise agreed upon by both parties.**

Client Responsibilities

1. "Client" accepts responsibility for and undertakes to perform tasks assigned to staff members (consultant or trainer) as agreed and set out in the project schedule, to ensure quality time from staff and provide reliable, relevant and useful information.
2. In relation to all our consultancy and training work for the client it is "Client's" responsibility to provide Phoenix Consulting with complete, accurate and timely information and to carry out any obligations ascribed to the client or others under your control. We will not be responsible for any consequences which may arise from any delay, inaccuracy or failure by "Client" or others under the client's control. Delay, inaccuracy or failure of data, and/or non-availability of timely access to resources under "Client's" control and/or failure of timely response may result in additional fees for which invoices may be raised.
3. The client undertakes to do everything in their power to contribute to the management of project risks. The management of risks attributed to factors outside the scope of the assignment or beyond the reasonable control of Phoenix Consulting will be "Client's" sole responsibility.
4. The Client agrees to take reasonable steps to ensure that such confidential information is protected against unauthorized access, disclosure, or use by its personnel, agents, or representatives.

Information & Confidentiality

1. Our partners, consultants, assessors, experts and trainers are under an obligation not to disclose to third parties' confidential information relating to Phoenix "Clients".
2. The copyright, intellectual property and design rights of the learning material are property of Phoenix Consulting and its expert consultants and trainers. It cannot be copied, shared or reproduced without prior written consent of Phoenix Consulting. The reports, letters, material, information and advice we provide to the client during this engagement are given in confidence solely for the purpose of this engagement and are provided on the condition that "Client" undertakes not to disclose these, or any other confidential information made available to the client by us during the course of our work, to any third party (being a party other than those to whom the report, letter, information or advice is addressed) without our prior consent in writing. Where reports, letters, material, information or advice given to "Client" by us will be provided to or used by a third party, we reserve the right to stipulate terms regarding such provision or to require the third party to enter into a direct relationship with us before any report, letter, information or advice is provided to that third party. Unless otherwise agreed in writing, we recognize no responsibility whatsoever other than that owed to the client as at the date which our report, training documents, material or other advice are given to "Client". The obligations and restrictions contained above do not apply to information:
 - Which is or becomes public knowledge other than by a breach of this paragraph;
 - Which is or becomes known from other sources without restriction on disclosure; or
 - Which is required to be disclosed by any professional obligation or by any legal or regulatory authority.
3. For the purposes of carrying out our responsibilities in this engagement, we shall not be treated as having notice of information which may have been provided to individuals within this firm who are not involved in this engagement.

Intellectual Property Rights

We retain all copyright and other intellectual property rights in everything developed by us either before or during the project including systems, methodologies, software, material and know-how. We also retain all copyright and other intellectual property rights in all reports, written advice or other material provided to the client although "Client" will have the full right to use these material within their own organization. To make use of these material outside the organization this will require Phoenix written permission in writing.

YOUR INVESTMENT & PAYMENT TERMS

At **Phoenix Consulting**, we endeavor to provide our clients with global expertise at local costing. Our commitment to you is to deliver an uncompromising standard of quality comparable to that of any leading global consulting firm, through a costing structure that is locally-minded yet aligned to the value we will create through our partnership with you. **For this engagement, our professional fees are broken down as follows:**

Phase	Description	Assumptions	Unit of Measure	Unit Price (in SAR)
Workstream 1: Training Needs Analysis	Conduct Training Needs Analysis (TNA) and generate the TNA report	Assuming 5 interviews with key stakeholders and training needs data are made available. We recommend using Configure scores on key competencies. This excludes the training planning, coordination and delivery (by Ertyad)	Per Service	SAR 57,000.00
Workstream 2: Assessments & Diagnostics	Assessment Center Design and Set-up	Assuming a fixed cost for Assessment Center design and set-up including (virtual awareness session of 90 minutes, offline competency mapping and purchase of assessor-led simulation)	One-time fee	SAR 30,400.00
	Hogan Assessments – Configure Excel Scores	Assuming up to 10 ERC competencies mapped to Hogan’s and assuming target population belongs to managerial level	Per participant	SAR 7,745.00
	Hogan Assessments – Insight Series Reports			
	Hogan Assessments – Hogan Business Reasoning Report (HBRI)			
	Competency Based Behavioral Interview (CBBI)			
	Assessor-led Simulation (90 minutes)			
	Integrated Assessment Report (IAR)			

* The fees quoted above **exclude all travel-related expenses associated with any onsite delivery**, including but not limited to airfare, accommodation, meals, local transportation, and other incidental costs. Travel expenses will be estimated and confirmed upon finalization of the project scope.

* The fees quoted above are **exclusive of VAT** and any other applicable taxes within the Kingdom of Saudi Arabia.

* Due to the absence of detailed participant levels and the required assessment breakdown in the RFP and subsequent clarifications, the cost per participant has been estimated based on a virtual assessment for a middle-management level role and should be considered indicative only.

Assessments for more senior positions may require additional assessment components and greater complexity, resulting in higher costs (For Example, the Insight Series would be replaced by the LFS, increasing the estimated cost per participant to approximately SAR 8,873.50). Conversely, assessments for more junior levels may be priced similarly or lower, depending on the assessment components required. Final pricing will be confirmed once the confirmed participant-level breakdown and assessment requirements are provided.

* The Psychometric Assessments pricing is valid until December 31, 2026.

* The payment terms are as follows: **30%** upon contract signature; **40%** upon delivery of the Training Needs Analysis (TNA); **30%** upon delivery of the Integrated Assessment Reports.

FOR REVIEW & APPROVAL

FOR REVIEW & APPROVAL

I agree to the specifications and fees as stated in this proposal supplied to the **Expo 2030 Riyadh Company (ERC)** by **ERTYAD & Phoenix Consulting**. I have read and agree to this proposal and its terms and conditions
